

BEFORE THE PUBLIC SERVICE COMMISSION
OF THE STATE OF MISSOURI

In the Matter of the Cancellation of the)
Certificate of Service Authority and)
Accompanying Tariff of Global)
Communications Consulting Corp.)

Case No. XD-2005-0474

ORDER CANCELING CERTIFICATE AND TARIFF

Issue Date: July 12, 2005

Effective Date: July 22, 2005

This order cancels the certificate of service authority to provide interexchange and non-switched local exchange telecommunications services granted to Global Communications Consulting Corp., as well as its accompanying tariff.

On June 7, 2005, the Staff of the Commission filed a motion to open a case and cancel Global Communications' certificate of service authority and accompanying tariff. The motion explained that the Commission granted Global Communications a certificate of service authority to provide interexchange and non-switched local exchange telecommunications services in Case No. XA-2003-0188. A tariff submitted by Global Communications was approved at the same time.

Staff's motion states that Global Communications has failed to file its annual report to the Commission for 2004. Staff reports that mail sent to Global Communications has been returned as undeliverable, and that the company's telephone number has been disconnected. Staff also attempted to contact Global Communications through an attorney

in Michigan that has represented the company in the past. That law firm has informed Staff that Global Communications is no longer its client.

Staff contends that, by failing to keep the Commission informed of its current address and phone number, Global Communications has violated the terms of its certificate. On that basis, Staff asks the Commission to cancel that certificate, as well as the company's tariff.

Staff served copies of its motion by certified mail on the company's registered agent as listed on the Missouri Secretary of State's website. A certificate of service filed by Staff indicates that that notice was delivered on June 8. In a further effort to provide notice to Global Communications, on June 8, the Commission issued a Notice of Motion to Cancel Certificate and Tariff, and Order Directing Response. That notice was mailed by certified mail to Global Communications' last known address in Morganville, New Jersey, as well as to the company's former law firm in Kalamazoo, Michigan. The notice mailed to the law firm in Michigan was returned with a notation that Global Communications was no longer a client of that firm and that the company should be contacted directly. The notice mailed to the company's last known address in New Jersey was returned by the post office as "moved, left no address, unable to forward."

The Commission's June 8 order required Global Communications to respond to Staff's motion no later than July 8. Global Communications has not responded.

The Commission has the authority to cancel a telecommunications corporation's certificate under Section 392.410.5, which states, "Any certificate of service authority may be altered or modified by the commission after notice and hearing, upon its own motion or upon application of the person or company affected." Since no one has requested a

hearing in this case, the Commission may grant the relief requested based on the application.

Based on Staff's uncontested motion, the Commission finds that Global Communications has violated the terms of its certificate by failing to keep the Commission informed of its current address and phone number, and by failing to file its annual report. In addition, the Commission finds that it is in the public interest to cancel the company's tariff. Therefore, the certificate of service authority granted to Global Communications in Case No. XA-2003-0188, along with its accompanying tariff, will be canceled.

IT IS THEREFORE ORDERED:

1. That the certificate of service authority granted in Case No. XA-2003-0188 to Global Communications Consulting Corp., as well as its accompanying tariff, are canceled.
2. That this order shall become effective on July 22, 2005.
3. That this case may be closed on July 23, 2005.
